School Board - Live

Dear Palm Beach County Residents,

Established in 1969, the Palm Beach County Library System has served the community for over 50 years expanding into 17 (soon to be 18) locations. The new Canyon Branch, located in Boynton Beach, is near completion and will be opening later this year. In addition, our Bookmobile travels to all corners of the County on a two-week rotating basis. We also offer outreach services through Talking Books and Books-by-Mail for those who have visual limitations or are physically unable to visit a Library location.

The vision of the Library is to open minds to a world of unlimited possibilities. We do this by making a welcoming environment, both physically and virtually, designed to spark creativity, stimulate thoughtful conversation and encourage collaboration. The Library provides a diverse range of activities designed to enrich, stimulate and engage members from early literacy through adulthood. Residents have free access to resources and services that reflect and engage Palm Beach County's diverse communities and residents.

A selection of Library resources includes: literacy tutoring, computer training, internet access, job seeker and small business resources, government and genealogy research, activities for children and teens, consumer health information and other means of community support and enrichment.

The Library is exploring new ways to serve the residents of Palm Beach County as our population grows and technology changes. However, we retain that personal connection to our residents when they walk through our doors. Our professional research staff assist in locating information needed for research papers, business ventures, family histories and medical conditions.

Currently, we house **1,400,000** items in our collection, all offered in various, accessible formats.

If you can't make it to one of our locations, check out our online resources and outreach services. We have e-books, magazines, newspapers and research sources on our website www.pbclibrary.org.

I invite you to connect with us! Visit your favorite Palm Beach County Library System branch today.

For more information about our Library cards and other services visit www.pbclibrary.com.

EXPLORE ALL THE POSSIBILITIES: OUR LIBRARIES ARE SO MUCH MORE THAN BOOKS

When was the last time you thought about what a library has to offer? The first thought for most is just books, but there is so much more! Libraries are a place of ideas, media and activities for adults, teens and children. Unlike the internet where considerable amounts of information needs inspecting, libraries are a trusted source of information. The resources available at your local Library have been continuously expanding to incorporate more technology resources and digital media. The best part is we bring access to information and resources completely for free! Here is more of what our Libraries offer:

Borrow Unique Materials

Wanna go birdwatching? Reserve a birding backpack. Are you eager to teach your child STEM concepts? Borrow a STEM backpack! If you are studying for the citizenship test, look no further than a Civics and Citizenship Toolkit. A cardholder may borrow up to 50 items.

Computers & Hotspots

Use one of many public computers at any branch to check your email, search the Library catalog, use online resources and surf the internet. Free computer classes are also offered virtually and in-person at some branches. Going on a trip and want reliable internet? Hotspots are available for check out!

Get Research Assistance

Our professional Research Librarians can help you find answers and information on whatever topic you need either in-person, over the phone or through our website. Most branches offer in-person Book-A-Librarian sessions for one-on-one assistance.

Student Success with Tutor.com

Certified tutors offer math, science, social studies and language arts assistance through the Library's website. Every day, live one-on-one assistance is offered in both English and Spanish.

Explore Online Resources

If you are eligible for a Library card, you can have instantaneous access to the majority of our online resources. Our wide range of online resources have accurate, trusted information that you can't find using your favorite search engine. Use your Library card to find the information you need. We have everything from online phone directories for homes and businesses to full-text magazine articles and information sources with answers to all of your questions on topics such as business, health, science, literature, education, law, current events, the arts, entertainment, regional information and much more.

Learn About Your Ancestors

Uncover your roots with the resources provided by the Palm Beach County Library! The Palm Beach County Genealogical Society Library is located in the Main Library and open to the public. Visit their website for hours open and other information: www.gensocofpbc.org

The Library Comes to You

The Bookmobile travels the County and stops at more than 40 locations. Talking Books is a free service that provides Braille and recorded materials to anyone legally blind, visually impaired or physically handicapped in such a way that they cannot hold a book. Books-By-Mail offers materials for those who are homebound.

Learn to Read

The Adult Literacy Project trains volunteer tutors to teach students to read, write or speak English. One-on-one instruction is free and confidential. If you know someone who could use this service or would like to become a tutor, please contact the Library.
